English Crazy Club (ECC) is a group of university students from the Faculty of Liberal Arts at Ubon Ratchathani University (UBU) who love to teach English to other people. I'm glad to be part of ECC staff during the program, just for a short time. I worked not only as staff but I got the chance to meet various people, learnt about Thai culture, improved my English skill, and gained many experiences and knowledge. I learned to accept other's attitudes and found the program amazing in many ways.

Among the interesting activities at Ubon Ratchathani University, I liked the English Camp the best. I was impressed by the organization, staff's talent, and students' interest. First, there were different rotations during the camp. This made students excited and expected to move for 1 day and a half. Second, the staff was so talented. They danced, sang, told stories, and played musical instruments spectacularly and confidently. I learn a lot from them. Third, the Thai students were very friendly and they cheered me up. I really want to come back one sunny day and enjoy the English Camp again.

The first picture is action to help children to learn English with a teacher from the Faculty of Management Science. I can help children to learn how to speak English, sing a song, and other activities. Moreover, I can share and see the real situation in Ubon Ratchathani and help the children also. Then, the cultural exchange at the faculty. I can show my culture to all to see and display Cambodia traditional clothes, and present about my province. And the last one is the field trip with other nationalities that lets me get to know others and I have a chance to share my knowledge and friendship with all of them.

It is a great excitement to express my feelings and experiences through these pictures. UBU has given me not only the knowledge due to some short courses, but also good experiences which will last forever in my life. We have done well on our job. I remember some words that made me laugh: “Aborted,” “Are you OK?” “Why are you so serious?” “Fried rice with chicken, noodle in soup.” These words came out when we were doing our new software (Abaqus and CFD) study and when we were hungry. We have shared our culture as well through the Cultural Exchange Program, visits, tours, and study. Thank you all, my advisor, and my friends.

We came to Sappasitthiprasong Hospital in Ubon Ratchathani. Here, we were warmly welcomed and we listened to the director of this hospital introduce about the hospital and staff. I think the hospital is very modern. After that, we came to an examination room. This room is for the fourth year, fifth year, and sixth year students. It is so modern and handy. In my university we don't have an examination room in the hospital. We have two kinds of examinations. The first is a theory examination. Students take an exam in a lecture hall. The second is a clinical examination. Students take an exam in the patient rooms. The lecturers ask some questions about the patients and you have to answer. After that the lecturers ask you to examine the patient, such as an examination of the kidney, examination of liver..... and you have to examine the patient. We came to the patient ward and intensive care ward. The patient ward has students but the intensive care room does not have students. I think there are some differences from my university. In my university, one class will divide into groups and every group will visit everywhere in the hospital to learn everything, such as learn about symptoms of patients, diagnosis of patients, and treatment of patients. At last, we came to an operating room and endoscopy room. There were much modern equipment and some is the same in my hospital.

It was a wonderful time when I was in Thailand spending my time with UBU students. I took part in a lot of activities and I enjoyed most the English Camp conducted by The English Camp Club of the Faculty of Liberal Arts for the freshmen of the Chemistry Department. Firstly, I really admired the way they organized the program. They did it very carefully with a variety of activities lasting for one day and a half. Also, they prepared for the lunch with snacks and drinks for the students. I was really amazed at such a preparation. Secondly, I felt happy when seeing the innocent students. They were very hospitable and friendly to talk with us. Although it was just the first time we met each other, they shared with me their dreams and future wishes for their job. I loved them so much like my siblings. Finally, I felt great passion in the dance's style of this Club. It was very fun and helpful to make the Camp more amusing and appealing. I want to say that I couldn't help dancing with them following the drum. We had a lot of fun together and this is the unforgettable memory in my whole life.

I like this picture so much because it shows my feelings on UBU trip. In general, I want to say 2 things about my appearance and the statue in the background. Firstly, my smile's so light and it shows nice feelings as I am proud to represent HCMUT. The second thing is the statue expressed a connection of the 2 universities and relations will develop from here.

These three photos are very valuable for me. For example, they make me remember what happened while I was there. Moreover, it is an unforgettable memory. For instance, I went for a walk with my friends from Myanmar, Laos, and Vietnam, and Thai professors and students. Furthermore, I not only got entertainment but also received good knowledge from the Thai professors and students who provided lectures. To illustrate, I learned two software programs such as Finite Element by using Abaqus CAE and Computational Fluid Dynamic by using ANSYS. In addition, I participated in Cultural Exchange in the Faculty of Engineering and in ASEAN Day. These events made me feel awesome and happy because I can know many cultures of ASEAN countries. Also, I am able to share my culture and my knowledge with the audience and I also obtain great experience and new knowledge. In conclusion, I miss Ubon Ratchathani University and I hope I will return one day. Thank you for taking care of us and providing a warm welcome. I am very proud to know you.

Firstly, I want to say thank you so much to all of you at UBU who let me, my friends, and my teachers join the Exchange program. I'm so happy that I had a chance to be there because it was the first time for me. I liked all the activities over the 30-day program, studying and visiting places. Even though the time has passed, I will always remember those activities. On 15 August I visited a lot of temples, and on the 17 August I joined with Office of International Relations Office and saw the waterfall – it was so cool. I made friends with people from different countries in Asia. On 25 August we had a show about the cultures of Cambodia and Thailand. The Thai teachers and students were very friendly and took care of us all the time.

Finally, I would like to say thanks again for everything. If I have the chance I will visit Ubon Ratchathani again.

Thank you.
