Dear Madam/Sir,

Re: Scholarships Available to University Students

The American Chamber of Commerce in Thailand (AMCHAM) has been committed to supporting bright and needy university students during their final three years of study for many years. This year, the American Chamber of Commerce in Thailand Foundation (ATF) is pleased to continue offering scholarships to students of selected public universities throughout the country.

We are excited to include your university as one of the selected institutions in the ATF Scholarship program. We invite you to please circulate this information to your faculties and departments to allow your students enough time to prepare their applications. We accept applications from all majors, except for fine arts and performing arts.

We invite each university to nominate students with three years remaining for study (i.e. year two of a four-year course, or year three of a five-year course) who meet our criteria, as provided in this letter. Please nominate candidates and have them apply online at <https://www.amchamthailand.com/amcham-scholarships>. Additionally, we request that copies of their academic records and other required documents reach us by no later than August 31, 2023.

As part of our student scholarship project, AMCHAM organizes two annual programs. The first program is an orientation camp for new intake students that provides them with insight into the program and our community service requirements. The other is a career camp for students in their final year, which includes seminars, workshops, networking events, and business visits in Bangkok. During this program, graduating AMCHAM Scholarship Students have the opportunity to meet with the AMCHAM Board of Governors and other members, visit members' companies, and participate in job interviews to prepare students to enter the business world. All new intake and graduating students are expected to participate these camps. If these events cannot take place due to Covid-19, alternative programs will be offered online with key business experts and leaders.

If you have any questions regarding the AMCHAM Scholarship Program, kindly contact Khun Sheree Tanpensuk at 02-119-3353 (or 081-994-8400) or email [sheree@amchamthailand.com](mailto:sheree@amchamthailand.com) or [foundation@amchamthailand.com](mailto:foundation@amchamthailand.com).

On behalf of the American Chamber of Commerce in Thailand, I would like to thank you for your assistance in coordinating this matter.

Sincerely,

Heidi Gallant  
Vice President
