

**Statement of Ubon Ratchathani University
Concerning One Ubon Ratchathani University Student Infected with
Coronavirus 2019 (COVID-19)**

According to a report from Ubon Ratchathani University Hospital, one Ubon Ratchathani University student has been infected with Coronavirus 2019 (COVID-19). After examination, the university believes that the student was infected with the virus from a place outside the university, as stated in an announcement from Ubon Ratchathani Province. Ubon Ratchathani University Hospital has coordinated with relevant bodies and informed people at high risk to come for respiratory infection screening (ARI Clinic). People considered in the low-risk group will be summoned later. This practice is in compliance with Announcement No. 2 of Ubon Ratchathani University, “Preventive and Monitoring Measures for A New Round of Outbreak of Coronavirus 2019 (COVID-19): Guidelines for Dealing with the Situation in the Event of the Severity of the Outbreak”.

The university would like to clarify that so far the university has strictly followed the guidelines for dealing with the situation in the event of a severe outbreak. In terms of building-related measures, the university conducts disinfectant spraying and cleaning after classes, according to public health standards, on a daily basis. Moreover, the university will close the Central Learning Buildings and conduct intensive cleaning from now until May 1, 2021. The university will organize online teaching for all courses according to Announcement No. 4 of Ubon Ratchathani University Ubon on “Prevention and Monitoring Measures for the Coronavirus 2019 (COVID-19) during a New Round of Outbreak”.

Please be assured that the university always prioritizes the welfare and safety of its students and staff. However, the university also requests your cooperation to strictly comply with the measures for the prevention and monitoring of Coronavirus Disease 2019 (COVID-19) as announced by the university. Additionally, to reduce confusion and increase awareness, the university requests that you remain informed about the situation through reports and announcements only from the university, which will make up-to-date announcements periodically.

Please kindly be informed.

On Behalf of Ubon Ratchathani University
